

# The Class of 1976 Hampton Institute Ogre Phi Ogre II

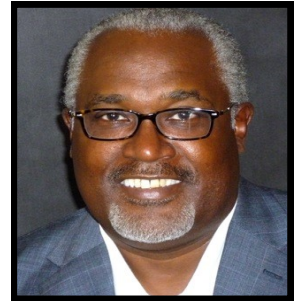

**“Calling You Back Home:  
Lessons After 45 years as a Hampton Graduate”**

**Presenter: Daryl Rowe**

**Sip and Learn Social Hour**

**7:30 p.m. (EST) on Tuesday, January 26th**

Our *Sip and Learn Socials* offered as part of our 45th Virtual Reunion will allow us hear interesting presentations on a range of topics and issues from classmates who have expertise in the given topic.

At our first *Sip and Learn Social Taasogle* Daryl Rowe will talk about the invaluable life lessons he acquired at Hampton Institute. He locates the founding of Hampton Institute within the history of Africans emerging out of the horrors of bondage in the midst of the Civil War. His argument is that as Hamptonians, we have an obligation to our ancestors and progeny to make the world better in our own interests and images.

Daryl is professor emeritus of psychology in the Graduate School of Education and Psychology at Pepperdine University. He holds a Ph.D. from Ohio State. He was the national chair of the African Psychology Institute, is exploring new territory by developing a curriculum for African Psychology. Given this expertise, he is often called upon to consult with local, state, and national agencies and organizations regarding issues of diversity. Following his presentation we'll invite you to join the discussion on what we have heard and share our experiences of life lessons from Hampton.
